

STTHK3133 HUMAN FACTOR ENGINEERING
Semester 1 Session 2025/2026 (A251)

Assignment 1

Visual and Auditory Systems in Human Factors Design

Type:	Group
Mark:	15%
Deadline:	Week 6

Work in a group of 4.

1. Choose a project in the list that you like the most.
2. Analyze how well it adheres to visual design principles.
3. Evaluate the impact of poor visual design on user experience by analyzing and identifying the specific visual design flaws on the chosen project.
4. Suggest changes that could enhance its effectiveness.
5. Your analysis can emphasis on font size, color contrast, brightness, and display layout in the design of user interface.

RESOURCES

You may refer to the Internet or any other sources in order to find the information you need to complete this assignment.

ASSESSMENT

Assessment will be based on problem solving skills. Students are required to submit documents on UUM Online Learning by **Week 6**.
